	at the former Plant No II of ROW in Rathenow. The other personnel previously stationed at the installation had allegedly left for exercises. WP units had bivouaced in the wooded area between Schollehne and Steckelsdorf, west of Rathenow since 26 September. Camouflaged trucks and guns were seen near the tent camp. Most of the tents were set up near the road to Ebelguende. Between 18 and 29 October, the KVP installation in Rathenow only quartered a guard detail of 30 men who were crimson epaplets. No officers were seen.	25

Most of the tents were set up near the road to Ebelguende. Between 18 and 29 October, the KVP installation in Rathenow only quartered a guard detail of 30 men who were crimson epaulets. No officers were seen. They had a rived from Hohenstueck near Brandenburg about three weeks before and that they had relieved guard personnel that had returned to Eggesin. Comment. Prior to April/May 1953, the KVP installation in Rathenow had quartered elements of a mechanized regiment from Eggesin. It is believed that the installation now quarters an artillery unit which probably belongs to	25 Cen
